RGIS is pleased to present to you "The Customers Always Write." We would like to take this opportunity to thank our customers for writing to us about their experiences with RGIS. It is with great pride that we display their feedback below but even more, we are thankful for the time taken to communicate with us. Words such as these from our customers are an inspiration and testimony that we are proud to share. Enjoy!

"Our Company was very pleased with the outcome, and your staff has received high compliments all around ... We saved money over our old process, our store managers and staff were much happier, and we believe we likely had a more accurate count."

- *Steve Fritz, President - VF Outlets*

"I just had to share with you about the RGIS Team that conducted the inventory for store 208 last night, they were awesome ... Her team made no errors and we completed the 100% re-count on every thing. Her team was outstanding in every area of the survey in fact they should have received 6's."

- *Frank D'Amico - Dots #208*

"... relax and let RGIS do the job we pay them to do! These people knew what they were doing and how to do it ... my experience was refreshing, and I thank you for making my job easier."

- *Andrew Cartica, Inventory Control Manager - SteinMart #215*

"Our Trainers, DMs and Pharmacy Supervisors are all pleased with the performance of your crews and are very satisfied with the service RGIS is providing to them. All had very positive comments about their accuracy, efficiency and professionalism. Thank you and your local crews for all their efforts in making our stores' inventory days a bit less stressful! Great Job! Thanks!"

- *Walgreens Inventory Manager*

"...everything you said RGIS would do, expressed verbally or in writing, was fulfilled. There were no surprises and no disputes. I wish all engagements were as straightforward."

- *Armando Varela, COO/EVP, Barco Uniforms*
